ACTIVITY REPORT

Name of the Activity	Webinar on Investment in Stock Trading (online mode)	
Type of Activity	Entrepreneurship and Self Employment Skills	
Date and Time of Activity	17/07/2020	11:00 AM- 12:30 PM
Details of Participants	Students from II year MBA and MCA	
Organizing Dept /Support System	Organised by EDP Cell in Collaboration with Fintopedia	
Details of Resource Persons	<p>V. Niranjana Rao is a life skills trainer who specializes in helping individuals enhance their personal and professional capabilities. His training programs likely focus on developing essential life skills such as effective communication, problem-solving, decision-making, emotional intelligence, stress management, leadership, time management, and interpersonal skills.</p> <p>As a life skills trainer, V. Niranjana Rao works to empower participants by providing them with practical tools to improve their ability to manage challenges, build stronger relationships, and achieve their goals. His work may involve workshops, seminars, or individual coaching sessions aimed at fostering self-awareness, boosting confidence, and promoting a balanced, successful life.</p>	
Description	<p>In order to Bring the Awareness among post graduates students for thriving opportunities according to market changing environment. Aurora's PG college (MCA) held an Awareness Program on Investment in Stock Trading by N. V. Niranjana Rao from Fintopedia a prominent stock analyst through google meetings.</p> <p>Employment in this field offers a structured environment with potential for high earnings, performance-based bonuses, and career advancement. Professional traders often work for investment banks, hedge funds, brokerage firms, or asset management companies, contributing to the financial health and growth of these organizations.</p> <p>stock trading allows individuals to operate independently, managing their own investments and strategies. Entrepreneurial traders have the flexibility to set their own schedules, pursue innovative trading strategies, and potentially achieve substantial financial gains. This path requires significant self-discipline, continuous learning, and risk management skills. Successful entrepreneurial traders can scale their operations, offering advisory services, launching hedge funds, or developing trading algorithms, thereby creating additional revenue streams.</p>	

	<p>Both employment and entrepreneurial avenues in stock trading offer unique challenges and rewards. Whether as a structured career or an independent venture, stock trading provides opportunities for financial independence, professional growth, and continuous learning in the dynamic world of finance.</p>

Name of the Activity	Online Workshop on Advanced Excel	
Type of Activity	Trends in technology	
Date and Time of Activity	16/09/2020-19/09/2020	10:30AM-12:00PM
Details of Participants	Students from II year MBA and MCA	
Organizing Dept /Support System	Organised by Training and Placement in Collaboration with Fintopedia	
Details of Resource Persons	It appears that you're referring to K. Rama Krishna as an ICT trainee. While I don't have specific details about K. Rama Krishna in the current context, an ICT (Information and Communication Technology) trainee generally refers to an individual who is undergoing training in various aspects of technology, particularly related to information systems, communications, and software tools.	
Description	<p>The Department of MCA hosted a 4-day workshop on Advanced Excel from 16/09/2020 to 19/09/2020, aimed at enhancing participants' proficiency in data management, analysis, and automation. Led by Technology Expert K. Rama Krishna from Fintopedia, the workshop attracted professionals from various sectors eager to boost their Excel expertise.</p> <p>Day 1 introduced advanced Excel functions such as VLOOKUP, HLOOKUP, INDEX-MATCH, and IFERROR, equipping participants with powerful tools to manage and analyze large datasets efficiently. On Day 2, the focus shifted to data analysis techniques, including PivotTables and PivotCharts, helping participants summarize and interpret complex data sets.</p> <p>Day 3 covered automation tools, including Macros and Visual Basic for Applications (VBA), enabling attendees to automate repetitive tasks and improve efficiency. The final day featured hands-on exercises, allowing participants to apply the learned concepts in real-time scenarios. The workshop concluded with a certification ceremony, where attendees were awarded certificates for their newly acquired skills.</p>
