TRAINING AND PLACEMENT CELL

Annual Report 2021-22

INTRODUCTION

Placement is essential for graduating students as it serves as a critical bridge between academic learning and professional success. For students, securing a placement not only validates their years of hard work and dedication but also marks the beginning of their professional journey. A successful placement provides students with invaluable real-world experience, allowing them to apply their academic knowledge in practical settings and gain insights into the dynamics of the workplace. Placements offer students the opportunity to develop essential skills such as teamwork, communication, problem-solving, and adaptability, which are vital for success in their chosen careers.

Furthermore, placements play a pivotal role in enhancing students' employability and competitiveness in the job market. Employers increasingly value candidates with relevant work experience, and a successful placement can significantly boost a student's resume and set them apart from other applicants. Placements often serve as a pathway to full-time employment, with many companies offering job offers to their interns or trainees upon completion of their placement. Therefore, securing a placement not only provides students with valuable professional experience but also opens doors to future career opportunities, making it an essential stepping stone in their transition from academia to the workforce.

The **significance of training for placements** is multifaceted and crucial for students as they prepare to enter the workforce. Here are several key points highlighting its importance:

Enhanced Employability: Training for placements equips students with essential skills and competencies that are highly valued by employers. By providing training in areas such as communication, problem-solving, teamwork, and technical expertise, students become more attractive candidates in the job market and are better prepared to succeed in their roles.

Increased Confidence: Training programs for placements help students build confidence in their abilities and competencies. Through practice, feedback, and coaching, students develop a sense of self-assurance that allows them to perform well during interviews, assessments, and other selection processes.

Effective Interview Preparation: Training sessions often include mock interviews, resume building workshops, and interview tips to prepare students for the recruitment process. This preparation enhances their ability to articulate their skills and experiences effectively, answer questions confidently, and present themselves in a professional manner to potential employers.

Exposure to Industry Expectations: Training for placements provides students with insights into industry expectations, trends, and standards. By understanding the needs and requirements of different sectors, students can tailor their skills and experiences to align with employer expectations, increasing their chances of securing employment opportunities.

Networking Opportunities: Training programs often involve interactions with industry professionals, alumni, and recruiters, providing students with valuable networking opportunities. These connections can lead to internships, job referrals, and mentorship opportunities, which are essential for career growth and development.

Skill Development: Training for placements focuses on developing a range of skills that are essential for success in the workplace. This includes both technical skills specific to the student's field of study and soft skills such as communication, leadership, and time management, which are highly sought after by employers.

Competitive Advantage: In today's competitive job market, employers are increasingly looking for candidates who possess a combination of technical expertise and soft skills. By undergoing training for placements, students gain a competitive edge over their peers and increase their chances of securing desirable job offers.

Training for placements is significant as it enhances students' employability, increases their confidence, prepares them for interviews, exposes them to industry expectations, provides networking opportunities, develops their skills, and gives them a competitive advantage in the job market.

Establishment of Training and Placement Cell

The Training and Placement Cell (TPC) is a vital department within educational institutions and universities, serving as a bridge between students, academic programs, and the professional world. Its primary objective is to facilitate the transition of students from academia to the workforce by providing them with the necessary skills, resources, and opportunities to secure internships, employment, or further education. The significance of the TPC lies in its role in enhancing students' employability, fostering industry-academia collaboration, and promoting the institution's reputation in the job market.

The institution has been instrumental in providing 100% placement assistance to the eligible students for placements in reputed national and multi national companies.

Uppal, Hyderabad-500092

OBJECTIVES

Enhancing Employability: The TPC aims to enhance students' employability by providing them with training, workshops, and guidance on essential skills such as resume writing, interview preparation, communication skills, and professional etiquette. By equipping students with these skills, the TPC prepares them to meet the demands of the competitive job market.

Facilitating Industry-Academia Collaboration: The TPC serves as a liaison between the institution and industry partners, fostering collaboration and partnerships for internships, projects, and placements. By establishing relationships with companies and organisations, the TPC creates opportunities for students to gain real-world experience and connect with potential employers.

Providing Career Counselling: The TPC offers career counselling and guidance to students to help them explore career options, set goals, and make informed decisions about their professional development. By providing personalised support and advice, the TPC helps students navigate their career paths and achieve their aspirations.

Organising Placement Drives: The TPC organises placement drives, job fairs, and recruitment events where companies can interact with students and conduct interviews for internships and full-time positions. These events provide students with exposure to job opportunities and allow them to showcase their skills and qualifications to prospective employers.

Monitoring Alumni Placement: The TPC tracks the placement and career progression of alumni, collecting data on their employment status, salary, and job satisfaction. By analysing this information, the TPC identifies trends, assesses the effectiveness of its programs, and makes adjustments to better meet the needs of students and employers.

Activities:

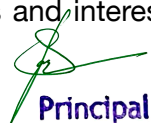

ACTIVITIES

Skill Development Workshops: The TPC organises workshops and training sessions on various topics such as resume writing, interview techniques, soft skills, and career planning to enhance students' employability and prepare them for the job market.

Industry Internships: The TPC facilitates internships and summer training programs with industry partners, allowing students to gain practical experience, apply classroom knowledge, and explore career interests in real-world settings.

Campus Recruitment: The TPC coordinates campus recruitment activities, inviting companies to conduct recruitment drives on campus and facilitate interviews and selection processes for students seeking internships or full-time employment.

Career Guidance and Counselling: The TPC provides one-on-one career counselling and guidance to students, helping them explore career options, identify strengths and interests, and develop career plans aligned with their goals and aspirations.

CONCLUSION

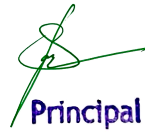

The Training and Placement Cell strives for the continuous skill upgradation and placement of the students of both MBA and MCA Programs effectively. The Cell maintains the database of eligible students, keeps a record of the employers and the details of the recruitment drives systematically. The Annual Reports are prepared and submitted to the Internal Quality Assurance Cell and the Principal at the end of the Academic Year.
