ACTIVITY REPORT

Name of the Activity	Designing and Analyzing Employee Engagement surveys	
Type of Activity	Seminar	
Date and Time of Activity	24.01.2020	Time: 1:30pm
Details of Participants	Students of MBA &MCA 1 year has attended the seminar	
Organizing Dept./Support System	MBA&MCA dept.	
In Association with	R&D cell	
Coordinator	Mr. T. Kiran MBA Dept.,	
Details of Resource Persons	Dr. M. Venkat Das Professor UCE	
Description	<p>On January 24, 2020, Aurora PG College (MCA) in Uppal held a seminar focused on Designing and Analyzing Employee Engagement Surveys. This event aimed to provide insights into effective survey methodologies and data analysis techniques for enhancing employee engagement.</p> <p>The Head of the Department welcomed the guest speaker, Dr. M. Venkat Das, Professor expert, and addressed the students.</p> <p>The objective of the seminar is Teach methods for analyzing survey data to identify trends and areas for improvement. Equip participants with the knowledge to design effective employee engagement surveys that yield meaningful insights. Provide a comprehensive overview of what employee engagement is and why it is crucial for organizational success.</p> <p>The outcome of the seminar participants gained a deeper understanding of employee engagement concepts and their impact on organizational performance.</p> <p>Attendees learned practical skills in survey design and data analysis, enabling them to create and evaluate engagement surveys effectively. The Seminar provided tools for interpreting survey results, allowing participants to identify actionable steps to enhance employee engagement.</p> <p>Overall, the seminar successfully equipped participants with the skills and knowledge needed to effectively design and analyze employee engagement surveys.</p>

Institution

Aurora's PG, College, Peetazadiguda, Uppal, Hyderabad, established in the year 1996, is a part of the prestigious Aurora Group of Institutions and has grown into a premier educational institution over the years. The college is known for establishing unique traditions in every aspect of its functioning. Aurora nurtures a knowledge culture to make itself "Synonymous with Learning". Its mission has been to serve the nation as a Centre for advancement, preservation and dissemination of knowledge. It aims to endow its staff and students with a perfect synthesis of human values, ancient wisdom and modern thought, thus ensuring that when they step into the fiercely competitive and technologically advanced world, they don't turn into mere automations but retain their sense of self as a direct result of what they have learnt with us.

Workshop

Preamble

We live in an era of Big data; businesses need ways to sift through it all, to figure out which combinations of data count and which don't. The success of business in today's global economy depends on it.

Backdrop

Rapid developments in computing and information technology have enabled the generation, storage and processing of data in a way that will transform businesses in the future. In this digital age flow of information is almost equal to all the players. It is how this information is utilized makes the company competitive. Business analytics is believed to be the key to the next wave of management innovation, productivity, and growth.

Business analytics has made its foray into diverse areas like customer relationship management, financial management, and marketing, supply-chain management, human-resource management, pricing and even in sports through team game strategies. Analytics combines data; information technology, statistical analysis; quantitative methods and computer-based models into one to make a well thought and researched decision. The advancement in Information Technology allows the decision makers to visualize the performance of decision under various scenarios.

In this backdrop, Aurora's PG College, Uppal intends to organize a one week workshop on "Business Analytics in Social Science Research" to make the participants familiar with Business Analytics and its applications across varied fields.

Methodology of Workshop

The workshop is designed to provide a platform for participants to get an exposure to various tools of Business Analytics and their applications, given its all-pervasive presence. The sessions would be practice oriented and facilitated by eminent resource persons from industry and academia. Scenarios pertaining to the fields of Finance, Marketing, Human Resources and allied fields, will be used to demonstrate data analysis, followed by hands on practice sessions with handouts.

Objectives of the Workshop

- Enable participants to get an overview of Business Research
- Enable participants to get an understanding of the basics of Business Analytics
- Investigate data to establish new relationships and patterns for better business management
- Reorient the perspective of social science research through business analytics
- Demonstrate the potential of Business Analytics in social sciences to take advantage of the opportunities that Business Analytics currently presents

Major Topics

The Scope of workshop is to cover theoretical discussion and practical exposure on the following aspects of statistical analysis

- Business Research
- Formulation & Testing of Hypotheses
- Publishing Papers using Business Analytics
- Data Aggregation & Data Mining using SPSS, R, Python
- Analytics using Cloud Computing
- Tools of Business Intelligence
- Future of Business Analytics

Eligibility for Participation

- Faculty of Management/ Social Sciences
- Research Scholars
- Post Graduate students
- Working professionals interested in the field of Business Analytics

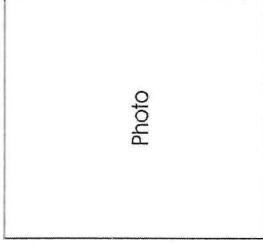

Registration

For registration, candidates are required to send their brief profile along with institutional affiliation to icssworkshop2019@apgc.u.edu.in. For further details Contact **9100001235 / 9100000289**

Aurora's PG College (MCA)

Details of Resource Persons	Dr. H. RajeshKumar Associate Professor NIT- Karnataka	
Description	<p>On August 26, 2019, Aurora PG College (MCA) in Uppal hosted a one-day workshop focused on Contracts and Management of Intellectual Property (IP) Assets. The event aimed to provide students with a thorough understanding of contractual agreements and effective IP asset management.</p> <p>Dr. H. Rajesh Kumar, an expert in intellectual property law and contract management, led the workshop. The sessions blended theoretical insights with practical applications, addressing students' needs for a comprehensive grasp of IP management and contract law.</p> <p>Topics covered included an overview of various types of IP (patents, trademarks, copyrights, trade secrets) and the significance of IP in both academic and commercial contexts. Additionally, the workshop delved into key components of contracts, such as terms, conditions, and obligations, as well as common types of contracts in IP transactions, including licensing and non-disclosure agreements.</p> <p>Students left with a solid understanding of IP concepts and the contractual aspects of managing IP. The expert speaker's knowledge and the interactive format of the sessions greatly contributed to the workshop's success.</p>
