MEMORANDUM OF UNDERSTANDING

This **Memorandum of Understanding** (hereinafter called as the 'MOU') is entered into on this the 21st day of October month 2022 (Date 21-10-2022), by and between **ExcelR Solutions**, (hereinafter referred as '**First Party**')
And
Aurora's PG College (MCA), Uppal (hereinafter referred to as "**Second Party**", (First Party and Second Party are hereinafter jointly referred to as '**Parties**' and individually as '**Party**')

WHEREAS:

1. First Party is a EdTech company: ExcelR Solutions
2. First Party & Second Party believe that collaboration and co-operation between themselves will promote more effective use of each of their resources and provide each of them with enhanced opportunities.
3. The Parties intent to cooperate and focus their efforts on cooperation within area of Skill Based Training, Education and Research.
4. Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.

**NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL
PROMISES SET FORTH IN THIS MOU, THE PARTIES HERE TO
AGREE AS FOLLOWS:**

CLAUSE 1: CO-OPERATION

5. Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings.
6. First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to the second party in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
7. The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.
8. ExcelR would be the training delivery partner for the second party on various trending technologies
9. Training & Development and dissemination of knowledge for students of second party & affiliated colleges and employees of both the organizations.
10. ExcelR will reach out to students to communicate the course details, webinars, blogs, industry events etc., which will be informative or promotional in nature.
11. ExcelR would work with incubation centers/ innovation cells of second party (Case to case basis), to formulate the business cases and data collection process from various industry and academic bodies that are associated with the second party

www.excelr.com

12. Cooperation between both parties would be extended to any other area which may be mutually beneficial to both the organizations.

CLAUSE 2: SCOPE OF THE MoU

13. The budding graduates from the institutions could play a key role in technological up-gradation, innovation, and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
14. Curriculum Design: First Party will give valuable inputs to the Second Party in teaching / training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
15. Software Technologies Training: The first party will provide the trainings to the students and Faculties of the second party on different technologies like Data Science, Data Analyst, Artificial Intelligence, Tableau, Python, etc., Research and Development
16. Skill Development Programs: First Party to train the students of second Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
17. Guest Lectures: First Party to extend the necessary support to deliver guest lectures to the students of the second Party on the technology trends and in house requirements.
18. Faculty Development Programs: First Party to train the faculties of second Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
19. Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
20. There is no financial commitment on the part of the second party to enroll the students and faculties for the different free trainings run by the first party under Everyday Learning Initiation.
21. First party would extend the help in providing artifacts such as training records, certificates to the second party upon a written request from the second party. This information is limited to only the students of second party and at the discretion of first party.
22. In case, second party wants to conduct customized commercial trainings then this agreement can be amend/adding annexure with mutually agreed terms.

CLAUSE 3: INTELLECTUAL PROPERTY

23. The first party will have the sole rights on the curriculum and related content provided in the trainings and it cannot be replicated or copied without the consent of the first party.
24. Confidentiality: Except as may otherwise be required by law, each party will hold confidential, during and after the term of this Agreement, any confidential information disclosed to it or its representatives, and will not disclose any such confidential information to any third party.

CLAUSE 4: VALIDITY

25. The period of the agreement is valid for a period of 2 years from the date of signing of this agreement
26. This agreement will be valid only at the intentions of the parties involved therein, this MOU could be dissolved or cancelled by either party any time by giving 30 days' notice and shall not have any legal bindings in nature. should either or all the parties to it opt to not act upon, the MOU loses its validity.

CLAUSE 5 : RELATIONSHIP BETWEEN THE PARTIES

27. It is expressly agreed that First Party and Second Party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having,

any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

ACTIVITY REPORT

Name of the Activity	Training Program on IT Fundamentals	
Type of Activity	Co- Curricular	
Duration of Activity	From: 05.02.2024	To: 17.02.2024
Details of Participants	MBA II Year Students	
Coordinator(s)	Faculty: Mr.P.Durga Prasad	
Organizing Department/ Support System	MBA Department in association with ExcelR Solutions	
Details of Resource Persons (if any)	Ms M Kalpana Reddy	
Description (min. 100 words, include objective, outcome, etc.)	<p>Aurora's PG College (MCA) in association with ExcelR Solutions successfully hosted a Training Program on IT Fundamentals from February 5, 2024, to February 17, 2024. This comprehensive program was designed to provide students with a solid foundation in essential IT concepts and skills necessary for both academic and professional success. The program commenced with an overview of fundamental IT concepts, including hardware, software, and network basics. Participants were introduced to computer architecture, operating systems, and essential software applications. The curriculum covered key topics such as file management, system security, and troubleshooting techniques. Practical exercises involved configuring system settings, managing software installations, and performing basic maintenance tasks. The program also included an introduction to programming concepts, where students learned basic coding principles. A significant component of the training was dedicated to understanding network fundamentals. Students explored networking concepts such as IP addressing, subnetting, and network protocols. They engaged in practical exercises on setting up and configuring network devices, ensuring they acquired essential skills for managing and troubleshooting network issues. Feedback from participants highlighted the program's effectiveness in enhancing their technical skills and preparing them for further studies or entry-level IT roles. Overall, the Training Program on IT Fundamentals was a successful initiative, equipping students with critical IT skills and knowledge for their future careers.</p>

ACTIVITY REPORT

Name of the Activity	Artificial Intelligence and Machine Learning	
Type of Activity	FDP	
Date and Time of Activity	From 16.10.2023	to 21.10.2023
Details of Participants	MCA faculty from different organizations joined the program	
Organizing Dept./Support System	MCA Dept.,	
In Association with	EXCELR Software organisation	
Details of Resource Persons	Dr.M.Srinivas(Professor) Dr.N.Subhash(Professor)	
Description	<p>Aurora's PG College (MCA), Uppal had organized The Faculty Development Program (FDP) on "Paper Publication and IPR" was conducted from October 16 to October 21, 2023, at CVR College of Engineering, Hyderabad. The sessions were held daily from 10:00 AM to 4:30 PM, focusing on the intersection of artificial intelligence, machine learning, and the intricacies of academic publishing and intellectual property rights. The program was organized by the MCA Department in collaboration with EXCELR, a prominent software organization, ensuring a high-quality learning experience for participants.</p> <p>MCA faculty members actively participated in the program, engaging in a series of informative workshops led by Dr. Venkat Sathya Vivek, a respected professor in the field. Each day included a mix of theoretical lectures and practical discussions, covering essential topics such as effective strategies for writing research papers, understanding intellectual property laws, and applying AI and machine learning concepts in academic research. The interactive format encouraged faculty to ask questions and share insights, enhancing the collaborative atmosphere of the event.</p> <p>The program culminated in a thoughtful discussion on the evolving role of AI and machine learning in academic research, underscoring the importance of publication and IPR knowledge for faculty members. Participants left the FDP equipped with valuable skills and resources to navigate the complexities of research publication and legal considerations, contributing to their professional development. Overall, the FDP successfully achieved its objectives, providing essential knowledge to faculty members in the rapidly advancing fields of AI and machine learning.</p>
